

Dear Parents,

We are going to be crating classroom manipulates that will be used throughout the year in a variety of learning experiences and lessons.

Please send it a small object that can be used. It must measure between $3/4$ " and $1 \frac{1}{2}$ ". It must be an object that won't easily break or be destroyed as it will be molded into clay.

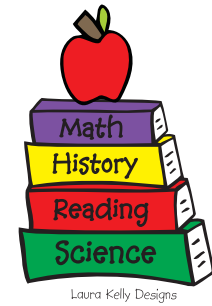

Some ideas are:

Small things from the toolbox Kitchen gadgets
Office supplies Bottle tops or lids

Please be sure your object is not sharp or dangerous.

Thank you!

Send it small bag attached by
